AUDIT FINDINGS

NARRATIVE:

Mayo Correctional Institution Annex and Work Camp Audit was conducted on May 20-22, 2014 by Hubert L “Buddy” Kent, Certified PREA auditor.

I was greeted by the Warden Scott Crews, and Assistant Warden Joseph Shuler. After a brief discussion about the audit, we proceeded to the Annex. Upon arrival for the audit a listing of all inmates by housing assignment and a staff listing by shift assignments was requested. From, these listings, I randomly selected one inmate from each housing unit, as well as one inmate who is limited English speaking or had hearing/vision impairment to be interviewed. At this time, no hearing impaired inmates were assigned to Mayo CI. At this time, there are no transgender, intersex, or gay inmates assigned to Mayo CI. A total of 24 random inmate interviews were conducted, to include one vision impaired and one English limited speaking (Spanish) inmate. The Language Line was utilized to interpret for the limited English proficiency inmate.

14 random staff interviews were conducted and included staff from all work shifts and all areas of the facility. The Specialized Staff Interviews included 14 interviews for staff designated as: Intermediate/higher-level, Medical, Mental-Health, Volunteer, Contractor, Investigative, Screening for Risk of Victimization and Abusiveness, Supervisors in Segregation, Incident Review Team, Monitors Retaliation, First Responder Security, First Responder Non-Security and Intake Staff. The Secretary, PREA Compliance Coordinator, SART Nurse and Human Resources staff was formally interviewed at the Department’s Central Office. In addition, to the randomly selected inmates/staff interviews approximately 20 inmates and 25 staff were informally interviewed during the tour and the three days of the audit.

The tour of the facility was conducted from 8:30 am to 1:00 pm.

The areas toured were a total of eight housing units, and various departments within the secured perimeter. There are four quads, two housing units per quad. Quad one housing units are C and D. These housing units are secure cell housing units, and consist of four wings per unit. Quads two, three and four are prototype open bay housing units. Each inmate is placed into a specific housing unit based on their housing level. Inmates that are housing level four or five are housed in cell units

C:

Disciplinary confinement is located in wings one and two.

Administrative confinement is located in wing three. Inmates are placed into Administrative confinement for protection needs, close management, pending disciplinary interviews.

Child Nutrition (between the ages of 18 and 21) are located in wing four.

D:

Wings one through four are secured cells (double bunks).

E through J

Housing units are prototype Open Bay units, with two wings. Inmates assigned to Open Bay type housing are housing level one to three.

The various departments toured were the Education department, General Library, Law Library, Reception and Orientation area, Property room, Food Service department, Laundry department, Medical Department, Infirmary department, Dental department, Chapel department, and Classification departments.

Disciplinary Confinement unit is 60 double bunked cells (120) bed. There are 32 double bunked cells (64) beds for administrative confinement. Inmates are placed into Administrative Confinement pending disciplinary charges, pending protection needs (short term, no long term at this facility) and pending transfer.

The design capacity is 1526. The population on the day of the audit was 1404. During the previous 12 months 4363 were house at the institution for 72 hours or more. There are 498 inmates assigned to Mayo that were assigned on August 12, 2012. The age range of the inmates was 19 to 90 years of age. There were no youthful inmates housed at the facility. Average length of supervision is 9.01 years. The custody level ranges from close to community. There is 367 staff assigned with 68 being new hires during the last 12 months. This is the initial audit for the facility.

Documents reviewed for this audit included the Pre-Audit Questionnaire, policy, institutional supplements, PREA training records for staff, volunteer, contractors and inmates, sexual abuse and harassment complaints, training curriculums. Compliance with the PREA standards was verified through a review of primary policy, secondary file documentation, and interviews with staff.

DESCRIPTION OF FACILITY CHARACTERISTICS:

Mayo Correctional Institution consists of a Main Unit, Work Camp and Annex. The facilities are located on approximately 360.91 acres. Inside the Main Unit fence is 280,684 square feet and it consists of a foot print of 39.44 acres. Inside the Annex fence is 239,207 square feet and it consists of a foot print of 46 acres. Inside the Work Camp fence is 36,120 square feet and it consists of 6.26 acres. The facilities Outside Buildings total 645,726 square feet. Mayo C.I. is located 11 miles north of Mayo, Florida on U.S. Highway 27, 17 miles south of Perry, Florida. All three units house inmates ranging from community to close custody with medical grades one and two and psychological grades one and two. The Annex and Work Camp are being audited for PREA Compliance. The Main Unit is moth balled and only used in emergency evaluation procedures.

The Main Unit was established in 1983 as a result of a State of Florida prison bed crisis. Using standard residential construction processes (stick construction), ground was broken in July 1983 and inmates arrived for housing in January 1984. Through several renovations and additions the facility now consist of one "butterfly design dormitory, three "T" design dormitories, one secure housing dormitory and four prototype open-bay dormitories housing capacity of approximately 1861 inmates. With one open-bay dormitory closing in

November 2010 and open-bay dormitory closing in August 2011, the 288 beds were removed from inventory, leaving 1573 available beds. In January 2012, the Main Unit was closed and all inmates were moved to the newly built Annex. The Main Unit continues to be maintained for emergency occupancy.

Mayo Correctional Institution Annex is a Level five institution with a Category four Perimeter housing Close, Medium, Minimum, and Community custody inmates.

The Annex construction was completed in 2010; the Annex was put on line and staffed January 2012. The Annex consists of two Secure Housing Units and six prototype Open Bay dormitories housing approximately 1500 inmates.

The Annex has an medical department, a full time dentist, three full time mental health positions, a drug treatment program, a full time Chaplain and an Education Department consisting of one Education Supervisor and two Academic teachers and an honors tutoring class that provides GED prep and basic education training for the assigned inmates. The Annex provides library services to the inmate population five days per week. Library services are provided to work camp inmates through a satellite program.

A facility maintenance program consists of a supervisor and vocational instructors. Inmates receive on the job vocational skills training while maintaining institutional buildings and equipment. Inmates are given the opportunity to receive vocational trade training credits.

The institutional Food Service Department provides nutritional and quality meals at the annex and work camp under the supervision of a food service director, nine staff and five correctional officers. They also provide meals by contract to the Lafayette County Jail.

Qualified staff operates a water and sewage treatment system. Inmates are able to learn the trade, receive experience credit, sit for the state exam, and receive state licensure on water & waste water management.

Mayo Correctional Institution Work Camp is a Level three institution with a Category three Perimeter housing Medium, Minimum, and Community custody inmates.

The Work Camp was constructed in 1995 using staff and inmate labor. The work camp can house 328 inmates in two (2) open bay dormitories. The Work Camp provides an inmate work force for all outside grounds/facility maintenance, farming operations and as contract labor for local counties and municipalities.

Programs offer access to education training, wellness education, chaplaincy services, substance abuse services, mental health assistance, medical and dental care. Inmates may volunteer for the programs offered or be referred by Classification staff with the approval of the Institutional Classification Team (ICT). Inmates also have access to a general library and the use of a major law library and can receive legal assistance as needed.

The mission of Mayo Correctional Institution is to protect the public by operating a safe, secure, humane and efficient corrections system. This is accomplished through hard work and rigorous security measures combined with partnerships

with the community to provide quality programs and services to inmates. At Mayo CI, inmates are supervised at a level of security equivalent to the level of danger they present.

SUMMARY OF AUDIT FINDINGS:

Number of standards exceeded: 2 (18-41)

Number of standards met: 37

Number of standards not met: 2 (13-53)

15 is now complaint. Mirrors have been removed from bathrooms.

Number of standards not applicable: 2 (12-14)

115.11- Zero tolerance of sexual abuse and sexual harassment; PREA Coordinator

- Exceeds Standard (substantially exceeds requirement of standard)
- Meets Standard (substantial compliance; complies in all material ways with the standard for the relevant review period)
- Does Not Meet Standard (requires corrective action)

The facility meets the standard based on the policy 602.053. This was confirmed in staff and inmate interviews. All were aware of the Zero tolerance policy. Inmates received training upon arrival to the facility. Staff has been trained and is trained annually during in service training. The department has an agency wide coordinator. 99 percent plus of her work time is spent on PREA. She coordinates with the other 49 institutional PREA managers. The PREA Coordinator was very knowledgeable about the PREA requirements and was considered very effective in meeting the requirements of PREA.

115.12 Contracting with other entities for the confinement of inmates

- Exceeds Standard (substantially exceeds requirement of standard)
- Meets Standard (substantial compliance; complies in all material ways with the standard for the relevant review period)
- Does Not Meet Standard (requires corrective action)

The standard is not applicable. Mayo Annex is a state prison facility. They do not contract for the confinement of inmates

115.13 Supervision and Monitoring

- Exceeds Standard (substantially exceeds requirement of standard)
- Meets Standard (substantial compliance; complies in all material ways with the standard for the relevant review period)
- Does Not Meet Standard (requires corrective action)

The facility operates at Level I staffing levels. Procedure 602.030 states Level II posts are essential to the daily normal operation of a facility. Operating at Level II allows all activities and programs to be marginally staffed. Level I posts are critical for the daily operation of a shift. The post chart shows one sergeant and one officer per housing unit. One of the two is then assigned secondary duties to provide security coverage for the yard, recreation, dining hall or canteen lines. This leaves one officer on the unit. They are assigned to the officer station. Routines rounds are not being made due to level I staffing. 33 percent of the inmate population is doing 25 years to life. On the days of the audit there was an eight percent vacancy

rate for the facility. The vacancy rate does not include staff that is on workers compensation, military leave, extended sick leave or family medical leave.

Daily housing logs reflect shift supervisors making unannounced rounds on all shifts.

(1) SECURITY STAFFING LEVELS:

Each regional office of institutions will be responsible for maintaining a current "Regional Staffing Level Post Designations for Institutions and Satellites," DC6-292. The DC6-292 is available in the "public folder" section of Outlook under Institutions/Security Operations/Staffing Levels. Regional Operational Correctional Service Consultants and Assistant Wardens have access and the ability to make changes. Review and change to this form will be made on an as needed basis by the designated regional staff member. This will be done each time a revised/new post chart is generated.

- (a) Security staffing levels are designated to assist supervisors in the daily staffing of their shifts by establishing priorities for post staffing which will assist in ensuring continued security and safety of staff, visitors, and inmates.
- (b) Level I posts are critical for the daily operation of a shift. Operating at Level I may include limiting certain activities such as recreation or work squads. (The Duty Warden must grant her/his approval to eliminate or delay any of these daily activities.) Level I posts will not be utilized for special assignments, extended special assignments, or loans to other departments on a routine basis.
- (c) Under no circumstances will a shift begin below Level I staffing or be allowed to go below this level except in emergencies.
- (d) Level II posts are essential to the daily normal operation of a facility. Operating at Level II allows all activities and programs to be marginally staffed.
- (e) Level III posts are necessary for long term "normal" operation. Level III posts will generally be utilized to fill any Level I or Level II posts as needed prior to using the Extended Workday Roster.
- (f) Administrative shift positions listed as Level II or Level III may be used to meet the Level I needs on the second (2nd) and third (3rd) shifts before use of DC2-821.
