# Sentencing Scoresheet Compliance Report

## Executive Summary

This report is in fulfillment of 921.0026(4)(c) Florida Statutes, which mandates that the Florida Department of Corrections shall, no later than October 1 of each year, provide the Legislature with a sentencing scoresheet compliance report. This report shows the rate of compliance of each judicial circuit in providing sentencing scoresheets to the Department.

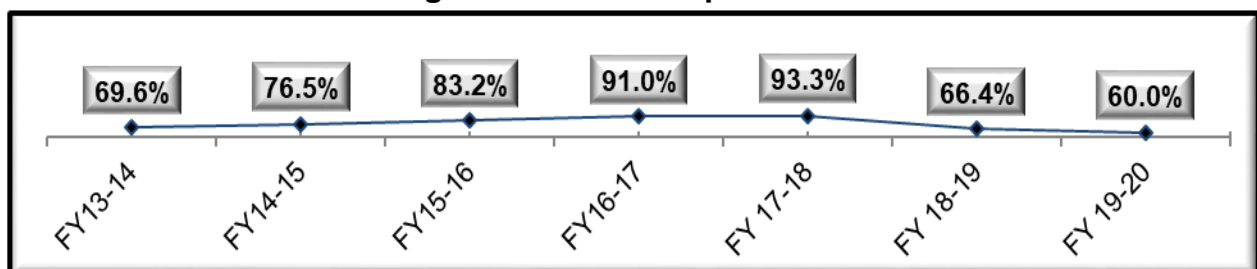

NOTE: COVID-19 restrictions resulted in a reduction of intakes during the last four months of the fiscal year, impacting admissions and populations.

On October 1, 2018, the scoresheet process was digitized by the Department. This report reflects the number of scoresheets received and does not match a scoresheet to an admission event. This report only reflects the data received without edits and without attempting to fill in missing data.

Included in this report is the following information:

1. Using FY 2019-20 admissions to retrieve data on offenders sentenced between July 1, 2019 through June 30, 2020, to the Department of Corrections as a baseline for comparing scoresheet submissions, a compliance rate is provided for each judicial circuit and county. Admissions include all felons convicted and sentenced to state prison, probation or community control as well as modifications to and revocations of supervision. Verified scoresheets reported are those received through September 1, 2020. The statewide rate of compliance for this time-period is 60.0%.
2. For scoresheets received with sentence dates during FY 2019-20 (including those with non-department sanctions), county and circuit totals are provided.
3. Circuit and county totals for scoresheets with FY 2019-20 sentence dates are listed according to most severe type of sanction. Of the 67,387 scoresheets received, 14,267 (21.2%) had a state prison sanction, 25,929 (38.5%) received a probation sanction, 3,918 (5.8%) received a community control sanction, 17,303 (25.7%) received a county jail sanction, 5,649 (8.4%) had missing sanction data, and 321 (0.5%) were classified as "other distributions" such as probation termination, etc.
